Independent Auditor's Report

To the Board of Directors of Software Freedom Conservancy, Inc.

I have audited the accompanying financial statements of Software Freedom Conservancy, Inc., which comprise the Statement of Financial Position as of February 28, 2015, and the related Statement of Activities, Cash Flows and Functional Expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Software Freedom Conservancy, Inc., as of February 28, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

I have previously audited Software Freedom Conservancy, Inc.'s year ended February 28, 2014 financial statements, and my report dated December 23, 2014, expressed an unmodified opinion on those audited financial statements. In my opinion, the summarized comparative information presented herein as of and for the year ended February 28, 2014 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Note 1 - Nature of Activities and Summary of Significant Accounting Policies

Nature of Activities

Software Freedom Conservancy, Inc. (the Organization) is a not-for-profit organization that helps promote, improve, develop, and defend Free, Libre, and Open Source Software (FLOSS) projects. Conservancy provides a nonprofit home and infrastructure for FLOSS projects. This allows FLOSS developers to focus on what they do best — writing and improving FLOSS for the general public.

FLOSS projects whose applications are accepted become part of the Organization (akin to a separate department of a large agency). Once joined, the "member project" receives most of the benefits of existing as a non-profit corporate entity without engaging in the arduous work of forming a separate, new organization. The Organization aggregates the work of running a FLOSS non-profit for its many members.

The Organization provides many important services for its member projects. Member projects can take directed donations, which allows donors to earmark their donations for the benefit of a specific FLOSS project. The Organization provides fiscal oversight to ensure that these funds are spent in a manner that advances the project and fits with the Organization's 501(c)(3) mission to promote, advance, and defend software freedom.

If the member project's leaders want, the Organization can also hold other assets and titles on behalf of the projects, such as copyrights, trademarks, domain names, online hosting accounts, and title and ownership of physical hardware. Also at discretion of the project's leaders, the Organization can assist in defending the rights represented in these assets. For example, the Organization is available to assist member projects in enforcing the terms of the projects' FLOSS license.

Finally, developers of the Organization's member projects, when operating in their capacity as project leaders, could receive some protection from personal liability for their work on the project.

Software Freedom Conservancy, Inc., was incorporated in the State of New York in 2006.

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Unrestricted net assets represent revenues and expenses related to the operations and management of the Organization's primary programs and supporting services. If funds are raised and set aside by the Board for future use, these are considered unrestricted. Temporarily restricted contributions that are expended for their restricted purpose in the same reporting period as received may be recorded as unrestricted.

Note 1 - (Continued)

Financial Statement Presentation (Continued)

Temporarily restricted net assets represent resources available for use, but expendable only for the purpose specifically stated by the donor. As of February 28, 2015, there were \$933,509 of temporarily restricted net assets.

Permanently restricted net assets are assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on only related investments for general or specific purpose. As of February 28, 2015, there were no permanently restricted net assets.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated between the program and supporting services benefited.

Cash

Cash consists of demand deposit accounts held at major financial institutions and may at times exceed the insurable amount. Management believes it mitigates its risk by investing in a major financial institution and in funds that are currently U.S. federal government insured. Recoverability of investments is dependent upon the performance of the issuer.

Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all highly liquid investments purchased with original maturities of three months or less when purchased to be cash equivalents.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted depending on the existence and / or nature of any donor restrictions. The Organization has not received any contributions with donor-imposed restrictions that would result in permanently restricted net assets.

Income is recognized on an accrual basis when earned.

Contributions Receivable

Contributions receivable are stated at the amount management expects to collect. Management provides for probable uncollectible amounts through adjustments to valuation allowances based on its assessment of the current status of individual receivables. Balances still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance. For the year ended February 28, 2015, the allowance for doubtful accounts was \$0.

Note 1 - (Continued)

Reclassifications

Certain reclassifications have been made to prior year amounts to conform to the current year presentations.

Income Taxes

The Organization is exempt from federal income taxes under section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been provided for in the accompanying financial statements.

Tax Uncertainties

The Organization's policy is to record interest expense and penalties in operating expenses. For the year ended February 28, 2015, there was no interest and penalties expense recorded.

The Organization's Federal Forms 990 are open for examination for the years ended February 28, 2012, and thereafter.

Concentrations

The Organization maintains cash balances in two financial institutions. Balances in one of those institutions at times exceed federally insured limits. The Organization has not experienced any losses related to these accounts and believes it is not exposed to any significant credit risk.

Approximately 30% of the Organization's contributions were provided by one organization.

Donated Services

Donated services are recognized as contributions if the services (1) create or enhance nonfinancial assets or (2) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers provide various services that are not recognized as contributions in the financial statements since the recognition criteria were not met.

Subsequent Events

In preparing these financial statements, the Organization, has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements January 13, 2016, the date the financial statements were available to be issued.

Note 2 - Unearned Income

Unearned income represents income for the year ending February 28, 2016, that was received during the year ended February 28, 2015.

Note 3 - Temporarily Restricted Net Assets

Temporarily restricted net assets by revenue source and changes therein for the year ended February 28, 2015, were as follows:
